Cultivate Your Summer Fallow

MASSEY - HARRIS SPRING TOOTH CULTIVATOR

DO NOT USE A DISC HARROW on your Summer Fallow. It loosens the land, allows moisture to escape and does not destroy weeds, but merely covers them up. Use a Massey Harris Spring Tooth Cultivator. It cultivates the surface to the desired depth, conserves moisture by mulching the surface, and kills weeds by tearing them out by the roots. Our Cultivator is equipped with power lift, four carriage, steel reversible, and 7 1/2-in. duck foot shovels. Three sizes 8, 10 and 12 feet. NO FARM IS COMPLETE WITHOUT THIS IMPLEMENT. Farmer Candidates Successful

Three more Farmer members will join the ranks of the Greenfield government supporters when the legislature meets for the next session.

As a result of the elections held Monday Farquharson, U.F.A., has a lead of three to one over McKenna, Independent, in Ribstone, 15 polls giving Farquharson 881 and McKenna 266.

In Whitford, and there was a strong representation of the clergy throughout the province. Bishop Selwyn, who is an eloquent speaker, was ably supported by others, and the meetings were much appreciated, not only by the members of the denomination but by the general public.

The same district voters were elected—Rev. H. B. Lock for the northern district, and Rev. C. G. Heath for the southern, while there was a general movement among the pastors. Rev. E. C. Mathew of Bruce, takes Rev. W. S. Walker's place in Ponoka, who goes to Elliot.

Asker

Mrs. J. Shaw accompanied by Mrs. C. Paulsen, motored today from Edmonton last Wednesday to spend a few weeks with the house folks.

More than half the district enjoyed the picnic at Calumet last Wednesday.

Edna Haybak was the fortunate pupil to win her week at U.F.A. Agricultural school. She had the highest number of points in first prize at the school fair held at Ponoka last October from the Asker school.

Mrs. A. Lamb, of Lacombe, has been spending the past week with relatives.

About thirty people from Asker motored over to Water Glen and heard the speeches given by Hon. J. E. Brownlee and H. W. Wood on Wednesday evening. Although everyone has heard those gentlemen speaking on many former occasions, one never gets too much of a thing that is good.

Mr. and Mrs. Grant Paulsen are spending a few days at Edmonton during fair time.

The pupils are quite enthusiastic about their collection of plants and insects. An instructive way to spend their holidays.

Fertile Forest

Ponoka, July 5.
Miss Morrison spent the week-end at the home of Mr. and Mrs. Geo. Hoar.

After closing a very successful term of school in the Fertile Forest district, Miss E. Rutherford returned to her home in Edmonton on Friday. We hope to have her with us again for fall and winter term.

The Misses Maud and Lily Archibald, accompanied by Miss Alberta Shagand, of Leduc, spent Sunday at the home of Mrs. Paul Evans, near Mountsides.

Mrs. W. Archibald, of Leduc, arrived on Tuesday for a visit, where she expects to visit for a time.

Glen Falloch & Vicinity

This vicinity has been visited with some fine showers recently, which has put the farmers in good spirits, but the hay crop will be short.

A new daughter has arrived at the Nelson home since our last writing.

Elwin Erickson is erecting a new house on his farm, which is quite an improvement.

Glen Falloch school closed for summer holidays June 25th.

The main part of this neighborhood enjoyed the stampede at Ferrybank July 4th. The day was fine, and there was a good crowd.

Re. Tober has been suffering with blood poison in his head, but is better at this writing.

The farmers are busy with sowing and working fields.

Mrs. M. L. Macdonald, who was visiting here, was called home on account of the serious illness of her daughter, who was operated on for appendicitis.

Mrs. George Clark and son, Melvin, visited friends in the Fertile Forest neighborhood recently.

FREE METHODIST CAMP MEETING

Successful Gathering—Large Attendance and Able Speakers

The Free Methodist camp meeting, which came to a close on Sunday evening, was a success. There were close upon fifty tents on the grounds, and from the opening to the close of the meeting, the attendance was well maintained.

Bishop Selwyn, of Jamestown, N.W., presided, and there was a strong representation of the clergy throughout the province. Bishop Selwyn, who is an eloquent speaker, was ably supported by others, and the meetings were much appreciated, not only by the members of the denomination but by the general public.

Water Glen

Visit of Attorney-General and H. W. Wood

Once a year the Water Glen bachelors entertain the local U.F.A. It was bachelors' turn last Thursday night, and they entertained in grand style.

The U.F.A. local invited Hon. J. E. Brownlee, attorney-general, and President H. W. Wood to visit the district and give public addresses in the evening.

A large crowd was present to hear the speakers. Mr. Wood explained the Wheat Board problem, and Mr. Brownlee gave a concise account of some of the work of the present government at the last session.

In order to show, in a tangible manner, their appreciation of these distinguished guests the bachelors decided that their entertainment should be in the form of a banquet.

After the public meeting the members of the U.F.A. and their families were invited to the hall. The hall and the tables were beautifully decorated, and a sumptuous repast was served.

Tom followed a short program of songs and musical selections. Mr. Haggland made an address of welcome to the guests, and Chas. Johnson gave musical selections.

It was suggested that the bachelors' banquet become an annual event, but it is doubtful, after the if there will be any bachelors left in Water Glen in another year.

On Monday night, quite a crowd gathered at the home of Mr. and Mrs. Dunderley to give them a shawty. They were invited in and given a fine lunch, cigars and candy as a treat. Otto Johnson was captain and master of ceremonies, and succeeded in getting a number of speeches from various members of the crowd.

R. O. German, who has control of grasshopper area No. 21, was in the district on Thursday. Before the arrival of the other speakers he gave an account of the grasshopper menace. He was entertained at O. W. Johnson's while in the district.

John Nicholson, of Leduc, B.C., is visiting his brother, Charlie, of this vicinity.

Peter Albers had his face injured while using stumping powder a couple of weeks ago, and is at present in the hospital in Edmonton.

A concert will be given in the Mission church on Wednesday evening, July 19th, to raise funds for mission purposes.

John Peterson left on Friday for Loyal, where he will have charge of the services in a church during the summer months. Joel has recently completed his art's course at Brandon college, and has spent a month at his home here.

Emil Dufan left on Friday for Sacramento, California.

Mr. Brownlee and Mr. Wood were escorted by C. A. Johnson's while in Water Glen.

Our neighbors, the Red Men, invaded this "sleepy hollow" last week, and stirred things up somewhat. Some seven hundred in all were crumpled on the old grounds across the river from town, and their numerous legends made a beautiful setting. There was not so much pot-smoking as in former years, everything being on a more civilized plane. Ice cream and soft drinks were sold on the grounds, while a lovely dance was given, in which the white mingled with their colored brethren. It was a bit of a revelation to see how well and gracefully the Indians can waltz, go through the quadrilles, etc., while the Red River jig was much admired by the several hundred spectators.

Chiloutini, Que., July 11.—Fire which raged all Saturday morning until late Sunday night, and which smoldered all yesterday, has almost destroyed a huge store of "mechanical" pulp in the yards of the Chicoutimi Pulp Company at Port Alfred, entailing a loss of \$1,000,000. Forty thousand tons of pulp was destroyed. The loss is fully covered by insurance.

What Makes Roden's Glass So Heavy?

BEAUTIFUL, sparkling like a diamond, cut glass is always a joy.
But why is it so heavy?

The lead for cut glass (and for other fine glass, such as that for optical use, electric light bulbs, etc.) is first changed into lead oxide by burning it in a furnace. This oxide is known as red-lead. It is a reddish powder.

This powder, mixed with silica (fine white sand) and potash, becomes clear glass when melted in a furnace. At a lower temperature, the molten glass is blown into various shapes.

NOTICES
OF
TOWN AND
DISTRICT

Local News.

Miss Ada Roszynek has taken a position in the post-office.

De Forest Nelson, of Kinsault, is spending his holidays in car midst.

Geo. E. Bowker and family left last week on an automobile trip to Spokane and other points.

Mrs. N. W. Nelson and family are spending the summer with her parents on the farm, north end of Gull Lake.

Mr. and Mrs. Wm. Hayhurst and daughter, Grace, of Minburn, are spending their vacation with relatives in this district.

W. Pedersha has brought his family from Edmonton, and they are now comfortably located in the north end of town.

Mr. and Mrs. W. R. Ferguson and family left on Sunday for the Clearwater, west of Red Deer, where they will spend a couple of weeks fishing.

Mrs. E. J. Schmidt has been donating to her friends in town her "annual flower bouquets." As usual, the flowers are the choicest, and the recipients are very grateful.

Professor Jackson, of Edmonton, officiated at the Union Church services on Sunday. In the evening he gave an appropriate address to the local Orangemen, who attended church in a body.

Dr. Scott has rented the Alberts Livery Barn, and solicits a share of the public support. The doctor has many friends among the local farmers who will be ready to give him their support.

Earl Kyler paid his old haunts, near Springdale, a visit last week. Baring none, he has the best home-stead in the whole of that country, and now that the railway will be within six miles, nothing less than a \$15,000 spot would touch his property, and then Earl reserves all mineral rights.

Miss Edith Montgomery was made the recipient of a china shower at the home of Mrs. Albert Mills, on Friday, June 30th. The shower was given by the young ladies of the Tripart district. On Thursday, July 6th, Miss Montgomery was met at the home of Mrs. L. B. Evans, when a linen and silver shower was given. The gifts were numerous and valuable.

On the eve of her departure from Ponoka, Mrs. M. G. Noff was met by a number of lady friends at the home of Mrs. Dr. Budd on Friday evening and presented with a number of useful and valuable articles. Mrs. Noff, who was taken by surprise, feelingly thanked the ladies, and stated that although she felt the leaving of so many friends, she was glad to have spent so many years in such a community, and as time rolled on Ponoka would always hold a leading place in her affections.

Monday next, the 17th, the Lacombe ball team will visit the Ponoka diamond. A good game of ball between Ponoka and Lacombe will be witnessed.

Jay Lyle, of Long Beach, Cal., has been paying these parts a business visit the past week.

Mr. and Mrs. John Glyn and family returned from an automobile trip to Spokane the other day. They had a splendid visit with old friends, and the trip through the mountains was much enjoyed.

Nice showers and warm sunshine are bringing the crops along at a great rate.

The Fryback stampede, on Tuesday, the 4th, drew a large crowd, and some good sport was witnessed.

The town band gave a musical entertainment at the Hospital on Sunday afternoon. It was much appreciated by the staff and patients.

A change has taken place in the post-office staff. Is your mail properly addressed—rural route 1, 2, 3, 4, as the case may be, or is it still being addressed to Ponoka? It's up to yourselves.

A picnic will be held at Lucas' Lake on Thursday, July 13th. All members of the Anglican congregation are cordially invited. Party will assemble at the Rest Room at 1 p.m. The only means of approach is from the township line.

With the Free Methodist camp meeting and the Indian pow-wow our town was somewhat busy last week, and the stores did good business. The stranger will always find a welcome to our town.

A good deal of road work is being done in this locality at present. The shallow places are being filled up, the high spots pulled down, and on several roads the crooked spots are being made straight.

The Masonic picnic, held Thursday afternoon on the school section, near Morningside, proved a very enjoyable affair. Notwithstanding that many of the members are out of town, there was a good attendance. Sports for young and old, and a sumptuous supper, served by the ladies in a beautiful grove filled in an ideal afternoon.

The judgment is upon parties who have been running their cars without the proper license. No heed has been paid to warnings given, and so, instead, several of the leading citizens in the west, men whose very name would honor our halls of fame, paraded before our county magistrate on Monday and paid their respects. Now will you be good?

A newspaper representative called at the Herald office the other day, and on recounting his observations during his travels had this to say: "I have gone right from Montana line to Peace River, and without doubt the Ponoka district is the greenest I have seen. Your grain fields look magnificent, while all vegetation has a great big lead. Your farmers ought to be thankful."

Edmonton Fair is being held this week, and many Ponokaites are in attendance.

No Demand For Resignation Grain

Ottawa—There has been no demand for a resumption of the sittings of the royal commission enquiring into the grain trade of Canada since the communication was halted in its work. A Manitoba court injunction frequently it is unlikely that a new commission will be formed by the Government at the present time. The commission sat, however, stated at the department of trade and commerce, there have been a considerable number of complaints regarding the department as to handling of grain. The only one of the complaint, and one which is being investigated by officials of the department, came from English immigrants in the province of Manitoba.

CANADA TECHNICALLY STILL AT WAR FOR PURPOSES OF NATURALIZATION

Ottawa—Canada is still at war for purposes of naturalization. This came out when inquiries were made in respect of Canadian action regarding the birth, nationality and status of aliens held, which has just been given second reading in the British House of Commons. The Home Secretary indicated in the British House, that similar action would be taken by the overseas dominions.

As far as Canada is concerned, the enactment of legislation of this character was proposed by the Government last session, but the bill was withdrawn owing to criticism of other features of its provisions. The bill proposed that British subjects, born in Canada, who might have

The Government and the Wheat Board

Ottawa—Until two or more of the western provincial governments decide what they are going to do in the matter of passing concurrent legislation to bring into force the Canadian Wheat Board Act, giving such a board control of the purchase and export of all wheat within the respective provincial boundaries, no further action can be taken by the Federal Government, it was stated at the Department of Trade and Commerce. As a consequence the Federal Government in respect to this matter is pursuing a policy of "watchful waiting."

Highway Across Mountains

British Columbia Will Build a Road to the Alberta Boundary

Victoria—British Columbia will build a highway to the inter-provincial boundary in the time Alberta reaches there, and the Government of this province is prepared to co-operate with the Alberta administration in completing the "missing link" so that Canada may have a through automobile route from coast to coast. Hon. H. Sutherland, Minister of Public Works, declared. He was addressing the pathfinders who journeyed to Victoria from Edmonton, and that is the northernmost of the Albertans to carry home to their Government.

A scheme whereby the Dominion Provincial Governments shall join in a 60-40 basis a scheme to build a half million dollar highway through the Rockies from Kamloops to Edmonton, was advanced.

"Too many people are looking forward to costly new highways," said Sutherland with good grades and that means tremendous costs," said Premier John Oliver. "I favor instead a policy of patching up the present trails and making the most of what we have rather than go without roads at all."

"I wonder if it would not be better to wait until we are absolutely positive of the best route and then make a really good highway," he said.

Investigate Asia Minor Atrocities

London—The Foreign Office and United States Governments have accepted in principle the proposals of the British Government in regard to the inquiry into the alleged atrocities in Asia Minor, but certain modifications suggested are under consideration. Lord Curzon, the British secretary for foreign affairs, answering a question in the House of Commons in regard to the position of the proposed to send representatives of the great powers for such an inquiry.

Doukhobors Given C.R. Incorporation
Victoria—The Christian Community of Universal Brotherhood, Limited, an incorporation of Doukhobors, has been given the right to incorporate in the province of British Columbia. The company has an authorized capital of \$100,000, with a paid up capital of \$700,000. Its chief business will be carried on in British Columbia at Brantford, the Doukhobor settlement in this province.

Strike Bonds Cook to Montreal

Montreal—As a direct result of the labor troubles in the United States, coal is now coming into Montreal from the Cape Breton mines at the rate of 21 cargoes a month, carried by companies working under the influence of the strike. The coal is being shipped to Montreal by the Empire Steel Corporation. Private cargoes are also coming in by chartered steamers.

Rescuer is Drowned

Montreal—In an attempt to save the life of a Canadian, a Frenchman was seized with cramps while swimming near Verdun, thirteen-year-old Bernadotte was drowned when his head and neck were pulled under water. Gendreau was saved by a man in a rowboat.

May Receive Medal

Victoria—The Victoria Automobile Association probably will award gold medals to both C. W. Neisner and George Gordon as pilots of the first pathfinder cars to make the journey from Edmonton to Victoria.

New Road Ready To Haul Wheat

Estevan-Lethbridge Line Will Be Bridged at Once

Winnipeg—"We hope to have the missing link in the Estevan-Lethbridge line closed up in plenty of time to haul wheat out of that section this fall by the new route," said D. C. Coleman, Western Vice-President of the C.P.R. A local passenger service, he added, would be installed there for the present. There are 27 miles over which no service is being given in the broken link. Eighteen of these have railroads. Nineteen miles must be constructed to link up the long projected new line through Southern Alberta to Lethbridge connecting with the Crown Road Plus line.

Prince Receives Canadian Airman

Used to Fly With Colonel Barker During War

London—"The Prince of Wales received today at Windsor, Ontario, the noted Canadian airman and his wife. His Royal Highness mentioned to Col. Barker that he had not down since the Colonel took him 'rolling and diving' in war days. Col. Barker, formerly of the First C.M.T. from Brandon, was the V.C. and many other honors in the war and had a record second only to that of Col. Bishop, of Toronto, as an ace."

Toronto Overpays Tax Installment

Toronto—The first installment of Toronto's taxes has been overpaid. The first collection was for 72.5 per cent. of the total amount, but Toronto taxpayers have gone beyond that point and paid 52.7 per cent. of the total. The total amount is \$26, 057,471, and in the first installment, the city wanted \$12,367,497. It received \$12,738,655.

Serious Fire at Coast

Merrville, Vancouver Island—Two known dead, several persons missing and ten houses destroyed, is the early stage of casualties in a fire which broke out in the soldier settlement here. A change in the wind brought into the settlement a fire which has been raging in the back near here for two weeks. Many settlers fled in panic.

Declines to Become Candidate

London—Lady Wilson, widow of Field Marshal Sir Henry Wilson, has declined the invitation extended to her to stand as a Liberal candidate for Parliament for North Down, her husband's life constituency.

Collied With Iceberg

St. John's, Nfld.—The British steamer Norb, from Quebec to Liverpool, with a cargo of lumber, put back today with her bow smashed and leaking badly. The vessel struck an iceberg in the Strait of Belle Isle.

Irish Civil War

Leaders of Republican Forces Reported to be Seriously Wounded

London—The Dublin correspondent of the Times says that the Irish Republican leader has been seriously wounded in the Dublin Hotel, and while the rest of the garrison advanced under a white flag he moved towards one of the national outputs, revolver in hand. A machine gun opened on him and wounded him. The Irish leader was then captured.

The correspondent reports that Drughda's wounds are serious and that the Republican leader has undergone an operation.

May Float Domestic Loan

Finance Minister Says Fall Best Time to Raise Money

Ottawa—It is decided to raise the money required by the Government to meet loan maturing on December 1, 1914. Canada, the domestic loan will probably be floated in the early autumn. The Finance Minister, Hon. W. S. Fielding, Minister of Finance, has stated that the Government had not taken any steps in regard to the new loan but that the early autumn would be the best time to raise money through a domestic loan.

Dominion's Dairy Outlook

Canadian Dairy Commission Speaks

London—H. B. Thomson, formerly food controller for Canada, presided over a meeting attended by British dairy men at the Royal Hotel. The meeting heard J. A. Rudick, Canadian dairy and cold storage expert, who spoke of the prospects of increased trade in dairy produce between Canada and England.

Regarding the much vexed question of grading, Mr. Rudick explained that the scheme suggested was not a Government proposal. His audience expressed anxiety lest the grading scheme prove to be the thin edge of the wedge of Government control. He told them that this would not be the case, the former treating the fact that the Government had decided to grade dairy produce within 60 days after the amicable had been signed, while England continued the control for over two years.

Control of Deismas Estate

1,000 Miles in 10 Hours

Paris—Lieut. Pelletier Doly effected a non-stop flight from Tunis, Northern Africa, to Le Bourget, near Paris, a distance of about 1,000 miles, in 10 hours and 55 minutes, in spite of high winds. He started at 7 o'clock in the morning, flying over Sardinia and Corsica; then he followed the valley of the Rhone to Paris and landed at Le Bourget at 5.55 p.m.

Germans Fire on French Troops

Berlin—Six persons were killed in fighting between civilians and French troops at Piskretskan near Oppeln, Upper Silesia. The French were marching through the town when shot was fired at the column. This caused the troops to halt and open fire.

The firing continued for three hours.

Mayo Mine May Rival Cobalt

Victoria, B.C.—Recent discoveries and developments at Mayo, in the Yukon, lead those familiar with silver mining to predict that the case there which has arisen as the successor to the Dawson field, will eventually rival Cobalt, according to a statement made at the Parliament Buildings from Archie N. Martin, mining expert, who is now investigating the Mayo field.

Depreciated Currency Law

Ottawa—The depreciated currency law, which has been in force since the introduction of the new money into Canada, will apply to goods from Germany, Austria, Hungary, Yugoslavia and Russia, according to instructions to collectors of customs which have been issued by the department here.

Canadian Exporters Arrange To Resume Trade With Russia

New Stamp Tax Effective August 1

Official Announcement Clears Up Misunderstanding Over Date
Ottawa—Some confusion apparently has arisen with regard to the date when the new stamp tax on cheques will come into force. An official announcement intimates that the new rate of two cents stamp, for every fifty dollars of the amount of money which the cheque is drawn up to but not exceeding \$500, will become effective on August 1 next. Cheques drawn for any amount exceeding \$500 will be subject to the same tax as those drawn for \$500, namely two dollars.

Keep Dominion Ministers Informed

Summary Service Originated in War Time is Still Maintained
Ottawa—In the office of the Common Law Division, replying to a question on the order paper, stated that the editor of the cabinet secretariat prepared weekly summaries of information for communication to members of the cabinet and prime ministers of the Dominion. These summaries were compiled from telegrams, despatches and reports which were furnished by a number of Government departments. The summaries were prepared in the office of the prime minister and had been continued after the prime minister's office had expressed themselves as in favor of their retention.

Guilty of High Treason

Germans Barred from Conviction on Charge of Communication With French

Berlin—Hans Loewenfeld, a German, has been found guilty of high treason and sentenced to life imprisonment in the Reichstag. He had been in constant communication with the French Minister Dard in Munich and was striving for the separation of the Reich from North Germany by French occupation troops. The proposed division, according to the charge, was to follow the River Main.

Great Future for B.C. Mines

Nelson—That British Columbia's share of the mineral wealth of the Pacific Highland would in future generations be proved to be equal to that of the United States and Mexico, was the prediction of Hon. William Sloan, Minister of mines, in an address before the International Mining Convention. He said the title had turned mining and referred to the survey of the province's iron ore resources now in progress.

Motorists Make Speedy Trip

Regina—S. G. Moore and W. Fraser, Melior, Sask., who left there a week ago Monday on a motor trip to Eastern Ontario, have arrived safely at Windsor, Ont. They made one of the fastest cross country trips that has ever been made by motorists in Canada. They covered the 2,115 miles in ten days without any mishaps.

Ottawa—Hon. W. S. Fielding, Minister of Finance, Hon. Ernest Lapointe, Minister of Marine and Fisheries, and Hon. C. F. Larkin, Canadian high commissioner in London, will represent Canada at the next assembly of the League of Nations which opens at Geneva, September 4. It was announced in this office was made officially.

While in Great Britain and France, the Minister of Finance will take various opportunities to take up with these governments and the Government of Canada. It is understood. One of the matters which will be of great importance while in Paris will be that of resuming negotiations with the French Government regarding the suspension of customs duties on goods imported from France which have been issued by the department here.

Reformatory To Be Built at Gleichen

Expect Work Will Be Commenced in a Few Weeks

Edmonton—An industrial school and reformatory for boys is to be established shortly by the Alberta Government. It will be located at Gleichen, where the new agricultural school building will be taken over temporarily for the purpose. It is as a farm school having been found unnecessary for the present. Plans for the establishment of a boys reformatory have been under consideration by the Government for some time past and have now reached the point where the work will be commenced as soon as the executive committee can pass on it. The matter will likely be finalized with in the course of the next few weeks. Arrangements having already been practically concluded and steps will then at once be taken to get the new institution under way.

Example of Thrift

Port Arthur, Ont.—Steve Horvath, an Austria, for 19 years an employee of the Canadian National Railways at Canada, 145 miles west of here, has sent for his home in Austria, \$12,000 in cash, his savings since 1903. Horvath, during the past 19 years never left Australia except for an occasional trip to Port Arthur to deposit his savings. He has denied himself any relaxation or extravagance in order to amass his comfortable lot.

Courageous Effort Failed

Port Hood, N.S.—Alexander MacDonald, an American, who had been a member of the U.S. Navy, was shot by the crew of his own ship, the U.S.S. Albatross, when he attempted to desert. He was shot in the back and died.

Treaty of Rapallo Ratified

Berlin—The treaty of Rapallo, signed between Germany and Russia during the Genoa conference has been ratified by the Reichstag. There was no debate over the question of ratification, with the exception of a few remarks by a communist deputy, who demanded that the treaty be ratified to include the other Soviet republics.

Provisional Government Is Dealing Successfully With Irish Insurrection

London—Both the London Speaker, Churchill, and the Secretary of State, Lord Curzon, have been successful in their efforts to bring about a provisional government in Ireland. The provisional government has been completely created. "I am bold enough to believe," the Lord Chancellor said, "that the situation is more hopeful than it has been since the treaty was signed."

He rejoiced that the task of upholding the treaty—patent, could and bloody as it might, ultimately prove—was being undertaken by those upon whom it properly fell. The movement had been created in Dublin, but there remained the task of enforcing law and order in the country as a whole.

The Provisional Government, Lord Curzon declared, was aware of

A decision to adopt some system of standardization of Alberta coal in order to facilitate marketing was reached at a conference of coal operators and Premier Greenfield and officials of the government which was held at the government buildings Tuesday. The conference was called by Premier Greenfield to discuss standardization of marketing. The Premier told the operators he was prepared to do anything he could to improve the marketing conditions of Alberta coal, but there were several problems to be solved, and standardization was one of them. A committee of 12 will be appointed to deal with the question of standardization, which will include three men each from the Edmonton, Drumheller and Lethbridge fields, and three from the other fields of the province. It is expected that the committee will be ready to report in about two weeks' time. Other problems of marketing will be discussed. For some time the government has had a campaign in progress in Manitoba to increase the marketing of Alberta coal there and has met with some success. Geo. Pratt, government food director in charge of the demonstration at Winnipeg, gave the conference Tuesday one of his illustrated lectures demonstrating the proper methods of firing Alberta coal. Premier Greenfield pointed out that Alberta must develop along two chief lines, namely, agriculture and the coal industry, and attention must be given to the marketing problems.

In addition to the reductions in freight rates on grain decided upon by the House of Commons, the railway commission has issued an order providing for a decrease of 74 percent on basic commodities. It came into effect August 1, according to advices from Ottawa. This decrease will apply to forest products, building material, brick, cement, lime, plaster, potatoes, ore, pig iron, scrap iron. This order also applies to coal rates in Alberta, amounting to about 25 cents a ton on coal shipments from Alberta fields.

A new municipal hospital district has been created to include municipal districts 278, 279, 308, 309 and the village of Three Hills. A vote will be taken shortly on the question of adding to the Drumheller hospital district, a portion of municipal district 278, and the village of Carleton. The incorporation work for the new municipal hospital district at Athabasca has been completed, and arrangements are to be made for the transfer of the present hospital building and equipment, which is to be presented to the new hospital district as a gift from the Victorian order of nuns.

Walter Smithen, the new provincial labor commissioner, has taken up his new duties and has been provided with offices in the Terrace Building near the main government buildings. Mr. Smithen's first duty will be to make investigations relative to the co-ordination of all labor legislation of the province.

In charges laid under The Liquor and Inland Revenue Acts recently at Watrous and McLennan, against two men, sentences of six months and three months on separate counts were imposed on each of the two men found guilty of moonshine operations and bootlegging. The men were given the option of paying heavy fines, but declined to save the good sentences imposed.

SUCCESSFUL SCHOOL PICNIC

At least 1000 people gathered at DeCourcy Beach on Friday, June 30th, to attend the 2nd annual school picnic. The crowd was well entertained the entire afternoon. There were at least 40 horses and riders in the performance, four clowns to amuse the audience between the numbers on the program which moved right along without any tireless waits, two ball games, and the regular school children's races. Everybody went away well pleased and expressing the intention of attending the next annual school picnic.

Fort Arthur, Ont., July 7.—Steve Horvath, an Austrian, for 15 years an employee of the Canadian National Railway at Athabasca, 145 miles west of here, has left for his home in Austria with \$201.00 in cash, his savings since 1903. Horvath died the past winter, never left Athabasca except for an occasional trip to Fort Arthur to deposit his savings. He has denied himself any relaxation or extravagance in order to amass his comfortable fund.

Saskatoon, July 7.—The white refusal of druggists present at the meeting to continue the sale of liquor under present conditions, and of the quality obtainable through the Saskatchewan Liquor Commission, was passed unanimously by a standing vote yesterday at the last session of the Saskatchewan Pharmaceutical Association convention here.

SUNDAY SCHOOL LESSON

LESSON FOR JULY 14

THE HANDWRITING ON THE WALL

I. Belshazzar's Impious Feast (vv. 1-4).

1. Who attended (vv. 1, 2). Belshazzar, his wife and concubines and a thousand of his lords.

2. Behavior thereof (vv. 3, 4). (1) They drank wine; they engaged in revelry. (2) They committed sacrilege. In their drunken revelry they drank wine out of the sacred vessels which had been taken out of the temple, of the house of God, which was at Jerusalem. When men are under the influence of intoxicating liquors they lose all regard for sacred things. (3) They worshipped idols. They prayed to gods of gold and of silver, of brass, of iron, wood and stone.

II. The Handwriting on the Wall (vv. 5-31).

1. The time of (v. 5). It occurred in the same hour in which they were engaged in their drunken revelry.

2. The effect upon the king (v. 6). He was greatly disturbed; he was seized with consternation. The joints of his loins were loosed, and his knees smote one against another.

3. The king's behavior (v. 7). (1) He called forth astrologers and soothsayers, offering rewards of gold and position (v. 7). Their utter inability to interpret the writing left the king even more perplexed. (2) Daniel brought at the suggestion of the queen (v. 15-16). The queen here was perhaps the wife of Nebuchadnezzar, who remembered Daniel's service in interpreting his dream. For that reason he was sent for and promised great reward.

III. Daniel Interprets the Writing (vv. 17-28).

1. Daniel's address to the king (v. 17-20). He brushes aside his proffered gifts (v. 17). He would not have his speech limited by the king's gifts.

2. The interpretation of the writing (vv. 21-28). (1) "Mene" means "number." (2) "Tekel" means "weighed." (3) "Sarsar" means "divided." (4) "Peres" means "divided." (5) "The king dom is divided, and given to the Medes and Persians." (v. 28).

3. The judgment executed (v. 29). In that night was Belshazzar slain and Balaam the Median took the kingdom.

4. The children dined with Belshazzar (v. 30). They were not present at the banquet, but they were present at the execution.

5. The children dined with Belshazzar (v. 31). They were not present at the banquet, but they were present at the execution.

6. The children dined with Belshazzar (v. 32). They were not present at the banquet, but they were present at the execution.

7. The children dined with Belshazzar (v. 33). They were not present at the banquet, but they were present at the execution.

8. The children dined with Belshazzar (v. 34). They were not present at the banquet, but they were present at the execution.

9. The children dined with Belshazzar (v. 35). They were not present at the banquet, but they were present at the execution.

10. The children dined with Belshazzar (v. 36). They were not present at the banquet, but they were present at the execution.

11. The children dined with Belshazzar (v. 37). They were not present at the banquet, but they were present at the execution.

12. The children dined with Belshazzar (v. 38). They were not present at the banquet, but they were present at the execution.

13. The children dined with Belshazzar (v. 39). They were not present at the banquet, but they were present at the execution.

14. The children dined with Belshazzar (v. 40). They were not present at the banquet, but they were present at the execution.

15. The children dined with Belshazzar (v. 41). They were not present at the banquet, but they were present at the execution.

16. The children dined with Belshazzar (v. 42). They were not present at the banquet, but they were present at the execution.

17. The children dined with Belshazzar (v. 43). They were not present at the banquet, but they were present at the execution.

18. The children dined with Belshazzar (v. 44). They were not present at the banquet, but they were present at the execution.

19. The children dined with Belshazzar (v. 45). They were not present at the banquet, but they were present at the execution.

20. The children dined with Belshazzar (v. 46). They were not present at the banquet, but they were present at the execution.

21. The children dined with Belshazzar (v. 47). They were not present at the banquet, but they were present at the execution.

22. The children dined with Belshazzar (v. 48). They were not present at the banquet, but they were present at the execution.

23. The children dined with Belshazzar (v. 49). They were not present at the banquet, but they were present at the execution.

24. The children dined with Belshazzar (v. 50). They were not present at the banquet, but they were present at the execution.

Just Like Mother's

The little Miss of today just loves to fret over you, and here is a dress especially designed to satisfy this longing. It is of jade green duvetyne over a slip of peat gray crepe de chine. The high collar and the tight bodice cut give this little model the "grown-up" effect so much desired by the little ladies.

Securing Farm Help

During the month of May approximately 5,000 men and women were given employment through the office of the Saskatchewan Government Employment Bureau. Of this number 2,881 were farm workers and others sawyers, builders, domestic and casual laborers.

Wax Growing More Flax

Acres Nearly Twice Times that of Other Years.

The acreage devoted to flax in the western provinces this year is estimated to be nearly three times that of other years with excellent prospects for a heavy yield. Government figures this spring indicated a world shortage of available flax seed to the extent of 27,000,000 bushels, and together with the price fluctuations farmers are expecting a handsome revenue.

To Film Alberta Scenes

Farming Activities to Be Illustrated on Movie Screen.

Farming activities in Alberta are about to be illustrated on the movie screen. The province is to be pictorial and filmed from a variety of viewpoints, for the information of its own people and the attraction of people in other countries. The agricultural and public departments of the Provincial Government are doing the production work, which is now getting under way.

All phases of farm and industrial life in Alberta will be pictorially presented, according to the Government's plan, the idea being to bring pictures of actual conditions, scenes and working methods in this province will be prepared for exhibition at home and abroad.

Ten or a dozen reels will be produced this year, and it will be added to the number that the department already has in stock. When completed these will be used in the Government's educational work in Alberta, and some of them will later be sent over to England in connection with the immigration campaign.

To Meet at Calgary

Alberta City Decided Upon for Annual Convention of Dunkards

The members of the religious sect known as the Dunkards, running into many thousands on the American continent, will hold their next annual convention in Calgary. The Alberta city was selected as the site of the convention because of its central location, its claims of California, Colorado and Missouri had been considered at the Indiana convention. The Calgary authorities may bring as many as ten thousand people of the persuasion for a week or more.

A Remarkable Bridge

Visitors to Kandy, in the island of Ceylon, are shown in the neighborhood a beautiful bridge made entirely of stonework, and spanning the River Mahawellis in one fine, sweeping arch. It was erected by the Maharajah, a clever military engineer, many years ago. One of the most remarkable points about it is the fact that no bolt, screw, or nail is used in any part, and, notwithstanding the changes of temperature, all parts remain perfectly in order and position.

Our slogan for the coming year should be, "Day at Home." Let your own and your neighbor's property be kept by keeping the money circulating in our own district.

Order Received in Direct Communication With Baltic Timbers

An order for a large quantity of lumber to be shipped to Holland has been received by the Canadian Producers' Corporation. The shipment is of rough Douglas fir and will be finished in the Holland mills. This lumber was sold in direct communication with Baltic timbers and was chiefly chosen because of the lack of resin in the lumber.

Too Much Haste

An old woman, having for sixteen years bought a trunk filled with rags at the Hotel Bristol, where official sales are held in Paris, immediately desired her hand among the rags and pulled forth a small bag containing 15,000 francs in gold. Unfortunately for her, the public auctioneer saw her and confiscated both the bag of gold and the trunk and the old woman is now lamenting her impatience which prompted her to examine the trunk's contents before taking it home.

Pulp Industry in B.C.

Pulp and paper activities in the province of British Columbia now represent an investment of \$12,000,000, and require one-fifth of the entire output of timber. The present production of pulp and paper is 400 tons a day, several new mills are in the course of construction or under negotiation.

Radio on the Prairies

Many isolated points will now be served with news by radio.

"The development of radio broadcast has a greater significance for Canada than perhaps any other country in the world," said A. H. Morse, managing director of the Marconi Wireless Telegraph Company, in a public address. "One of the most important results will be that within a few months at least half a million square miles of territory now regarded as isolated will become an attractive territory to prospective settlers, to whom life would be impossible if they were entirely cut off from the culture of civilization which to so many is expressed in terms of news and music."

Cleanliness of Japan

The cleanliness of the Japanese is well known. The Japanese people regard their evening bath as a sacred duty and as the greatest luxury of the day.
